*How much they cry at the counter.*

**20. Compound Code**

*Did we mix it? Yes. Should we have? Maybe.*

**21. Patient Relationship Code**

*Who's paying for whom?*

**22. Pharmacy NPI**

*The pharmacy's social security number.*

**23. Prescriber NPI**

*The doctor's 'don't steal my identity' code.*

**24. Pricing Segment**

*Where the magic (or heartbreak) happens.*

**25. Reject Code**

*The pharmacy's version of 'Not today.'*

**26. Plan ID**

*The insurance's favorite nickname.*

**27. Ingredient Cost**

*How expensive the goo was.*

**28. Dispensing Fee**

*The 'we did a thing' charge.*

**29. Route of Administration**

*How the medicine takes the scenic route.*

**30. Quantity Dispensed**

*How many you get before we cut you off.*

**31. Days Supply**

*How long we hope it lasts.*

**32. Pharmacy Segment**

*Where the pharmacy gets to talk about itself.*

**33. Version/Release Number**

*Patch notes for your claim.*

**34. Message Segment**

*Passive-aggressive notes from the system.*

**35. Coupon or Voucher Code**

*The magical discount pixie.*

**36. Benefit Stage Amount**

*Welcome to the donut hole.*

**37. Member Group ID**

*Your insurance's secret club.*

**38. Coordination of Care**

*Everyone holding hands, metaphorically.*

**39. Insurance Segment**

*Where the payer flexes.*

**40. Eligibility Verification**

*Your insurance's trust issues.*

**41. Medicaid Indicator**

*Yes, it matters.*

**42. Compound Ingredient Count**

*How many things we threw in the bowl.*

**43. Pharmacy Service Type**

*What flavor of pharmacy you are.*

**44. Submission Date**

*When we finally got around to it.*

**45. Response Status**

*Good news or bad news? Place your bet.*

**46. Other Payer Amount**

*Pass-the-bill, pharmacy edition.*

**47. Reject Field**

*What exactly offended the system.*

**48. Prior Auth Number**

*The golden ticket... sometimes.*

**49. Authorization Type**

*What flavor of approval you need.*

**50. Claim Status**

*Alive, dead, or somewhere in limbo.*
